DECEMBER 1, 1975

ISSUE NO. 13

CIVIL ENGINEERS AID THE BOY SCOUTS

The 190th Civil Engineering Flight recently completed a project that took them to Perry Lake. Camp Jayhawk, a facility operated by the Boy Scouts of America, has been in need of additional water facilities for a number of years. Activities during the winter months have been curtailed because there was only one water hydrant running to the Camp Ranger's house.

Forty men, under the leadership of Maj Paul Gianakon and MSgt Richard Newby moved into the Boy Scout Reservation during the October UTA. They installed a winterized water line to the Health Lodge, the Director's Lodge, and the Dining Hall. The 190th Civil Engineers also did electrical work on the dining room and completed construction of a latrine.

Sergeant Newby reported that as a result of their work, the operating season of the Camp can be extended by several months. The Director's Lodge will now be used year round.

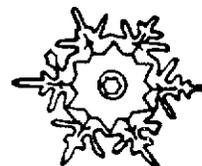

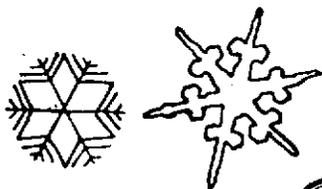

DATE SET FOR ANNUAL CHRISTMAS PARTY

The Annual Children's Christmas Party will be held on December 19, 1975 between 7 P.M. and 8:30 P.M. at the Topeka Armory 2722 Topeka Avenue.

The event, sponsored by the Army and Air National Guard of Topeka, is for all children of Guard members and their families. Refreshments will be provided and there will be gifts and candy for children twelve and under.

Anyone wishing to help Santa pass out gifts and candy is asked to contact Capt Webb at extension 4134.

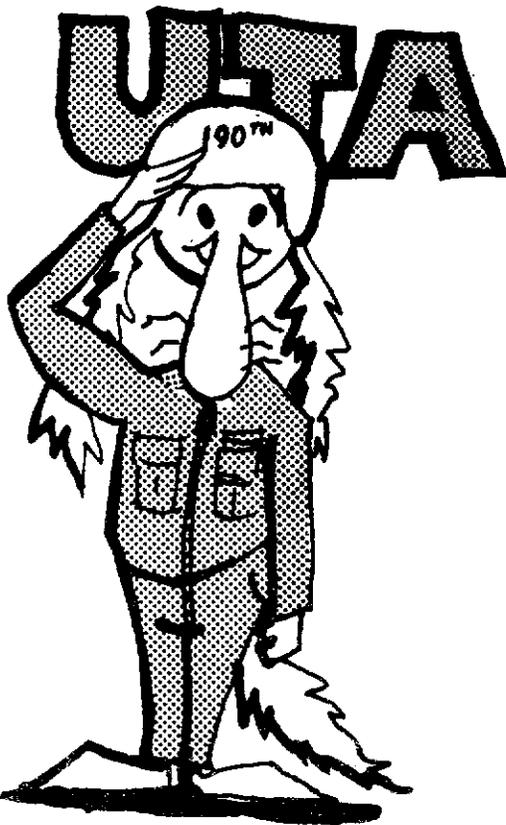

CMSGT MARSH PLANS TO ENJOY RETIREMENT

"Retirement means being able to do what you want to do, when you want to do it." CMSgt Orville Marsh made this statement in anticipation of his retirement last month from the Maintenance Control Center.

An Air Technician, Sergeant Marsh began his career in aircraft maintenance with a contracting company in 1942. In 1947 he joined the Guard unit at McConnell AFB. Eight years later he went into business for himself, purchasing a service station in the Wichita area. But in 1957 when the 127th moved to Hutchinson, Sergeant Marsh returned to it as a maintenance technician. When they again moved to Forbes, Sergeant Marsh moved with them!

Now that he is retired, he intends to do "nothing that I don't want to do!" He has a seven acre "ranch" in the Burton, Kansas area. "There's room for the horses I promised my grandchildren," he said. From talking to Sergeant Marsh, taking care of his ranch and doing occasional "odd jobs" are among the things that he does want to do, now that he's retired!

PARTICIPATE IN POLICY FORMATION

The Air National Guard/Air Force Reserve Noncommissioned Officer and Airman Advisory Panel will hold its Seventh Meeting at Air Reserve Personnel Center on 12-15 January 1976.

This Panel exists expressly for the purpose of providing reservists with an opportunity to participate in the formulation of policies and programs affecting their future in the Reserve Forces.

All Reserve personnel are invited to participate in the activities of the Panel by submitting items for consideration at our January meeting. If you have items which would require policy determination, would be in the best interest of the Air Force, and you would like to submit them, please do so by using the format provided by your Unit First Sergeant.

Request your recommendation(s) reach us by 6 December so that they can be sent to the proper offices for research prior to our next panel meeting. All items must be forwarded to the address as indicated on the format.

Saturday, 6 December 1975

CHAPEL SERVICE FEATURES FILM

At the 3 P.M. Sunday service a film, "In the Presence of Mine Enemies" will be shown. Man's need for loving, caring and community support is the message. Navy Captain Howard Rutledge recounts his experiences as a prisoner of war. There are interviews with his family and his wife's pastor, as they share their fears, hopes and anguish.

"A HUNTING WE WILL GO"

The Hunting season is with us once agin. Base Safety Officer Capt Steven Reynolds sends some safety tips for those persons who will shoulder arms and tramp the wilderness for that ever elusive game!

1. Handle every gun as if it were loaded.
2. Never point a gun at game unless you intend to shoot it.
3. Unload your gun when not hunting.
4. Carry the gun with the muzzle pointed toward the ground.
5. Leave the safety on until just before firing. Keep the finger out of the trigger guard.
6. Never cross a fence with a loaded gun. Unload the gun first.
7. Stay in line with companions.
8. Never shoot at game unless it has been identified.
9. Don't shoot at game at the rise of a hill as someone might be coming over the hill.
10. Never shoot in the direction of livestock or buildings.
11. A bright fluorescent orange is the safest color to wear.
12. DO NOT DRINK LIQUOR WHILE HUNTING.

By AIC DAN MCGINLEY

In addition to necessary photographic work, the photo lab does provide many services that are relatively unknown.

One service that TSgt Gary Wilder, Chief of the Photo Lab, would like to emphasize is the closed circuit television (CCTV) equipment, which is available for use by all units on base. Presently the CCTV equipment is mainly being used for training. Base operations, maintenance and civil engineering are using it in that capacity. The photo lab can acquire tapes for almost any purpose, or they can produce their own, anywhere on base, as the equipment is mobile. They can also duplicate tapes as well as copy films.

FILMS COULD BE BROADCAST BASEWIDE

To handle the job, Sgt Wilder has a staff of four photographers, a television production specialist, and a television repairman. Wanting to increase the benefits derived from the use of CCTV, Sgt Wilder has proposed to create a centralized studio with TV monitors throughout the base. Important information, films, etc., could be broadcast basewide. He pointed out that this is being done on other bases and is working well.

AUDIO-VISUAL CONTROL CENTER POSSIBILITY

A study is being made into the feasibility of having an Audio/Visual Control Center. Sgt Wilder is very optimistic about this idea, as he states, "It would allow the photo lab, CCTV, the film library, and illustrators to come under one section. Since they are all so closely related it would save time and trouble having them together." He added that this type of consolidation is also being studied on other bases.

If you think your section could adapt the CCTV to its needs, or if you're in need of any services offered by the photo lab, contact Sgt Wilder at extension 4363, or in building 605.

SOCIAL ACTIONS COURSE IS UNDERWAY

The first Social Actions course was presented to members of the 190th DSEG during the November UTA. Capt Phillip Laflin dealt with Equal Opportunity and Treatment. TSgt Mike Dalen covered Alcohol and Drug Abuse.

Among the first to participate in the program, MSgt Ed Pate, commented on the alcohol abuse information. "The subject was presented without prejudice and is information that will be beneficial to everyone." TSgt Fernando Castor felt that "the personnel involvement was very good." "I feel like I know the people that were there better than any in the 190th."

The only criticism voiced was not toward the program, but toward the lack of similar programs of this kind to provide guidance to individuals with problems. Other Guard personnel will have the opportunity to form their own conclusions as they attend the course in the months to come.

UNIT WELFARE FUND MEETING

There will be a meeting of the Unit Welfare Fund at 9 A.M., December 7 in the conference room of building 321. All members are requested to attend. Guests are welcome.

MILITARY PICTURES OF THE YEAR CONTEST
DEADLINE NEARS

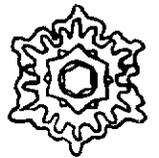

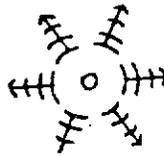

The Department of Defense announces the thirteenth annual Military Pictures of the Year competition. To be eligible, photographs must have been taken between Jan 1 and Dec 31, 1975. Entries must be post-marked no later than midnight, Feb 1, 1976. Competition is open to all full-time uniformed active duty military photographers and journalists. Reserve and National Guard uniformed personnel who occupy a validated photo journalist position may also enter, provided they certify that their primary civilian occupation is not that of photographer or photojournalist. For further information about the contest, contact the Information Office, extension 4195, building 321.

190TH DSEG WORKS WITH STUDENTS

A group of 13 Topeka West High School students recently participated in a three-day career project with the 190th DSEG called "Interim Adventure IV."

The project, which began in 1972, aids high school students in deciding which careers they would like to pursue in civilian life.

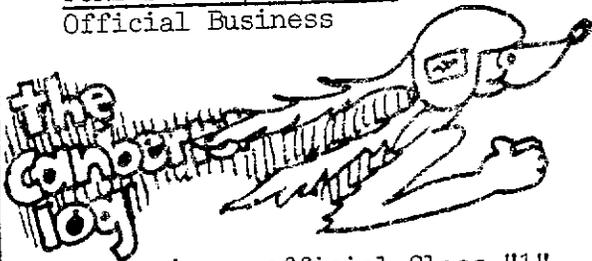

From November 3-5 the students worked in various sections, including Security Police, the Photo Lab, Personal Equipment, and in Aircraft Maintenance.
